

HOONAH TRIBAL HOUSES

In many cases the names of the houses were the same as that of the original house in Glacier Bay or other place of origin. Although most of the houses do not exist as a physical structure in Hoonah today, the heritage of the people which relates them to their respective tribal houses is constantly reflected in the life of the older people. The houses are listed under their respective moiety and clan.

EAGLE (Ch'aak')

Chookaneidee
